

REAUTHORIZE

THE VIOLENCE AGAINST WOMEN ACT

The law first passed in 1994 expired in September 2018. A bill to reauthorize (HR 6545) was introduced in Congress in July 2018 but has so far not received enough Congressional support to pass.

This legislation supports continuing essential programs and services for victims of domestic violence, dating violence, sexual assault and stalking.

Please contact your congressperson to urge support of this important bill.
